WEIGH TO KNOW

TAMTRON POWER CONTAINER STACKER SCALE

MEET THE SOLAS REQUIREMENTS AND ENSURE SAFETY
AT SEAS WITH EASY-TO-USE SCALE

Type-approved and tested Tamtron Power Container Stacker Scale weighs verified gross mass (VGM) of a container accurately and meets the requirements of the SOLAS regulations. Tamtron Power Container Stacker Scale can be installed in all types of reach stackers.

- ▶ Accuracy 1–2%
- ▶ Weighs containers during the regular port operations
- ▶ Easy to install, retrofit, and service
- ▶ Data transmission to TOS and other software

WEIGHING INFORMATION MANAGEMENT

With Tamtron Power Container Stacker Scale the verified gross mass (VGM) of a container can be combined with the ID of the container, and the data saved and transferred in an easy and reliable way to ensure safe shipping and smooth, effective operation. With weighing information the demands for transparency, traceability and ever-growing reporting liabilities can be met.

- ▶ Can be integrated into TOS, ERP and other systems to ensure real-time access to reports and operations monitoring
- ▶ Connectable to the weighing information cloud service, through which the weighing information is accessible in real-time
- ▶ Can be integrated into on-board PC
- ▶ Possible to collect weighing information into the same information management infrastructure from all of the Tamtron scales used at the seaport, e.g. container stacker scales, straddle carrier scales as well as from traditional weighbridges

TAMTRON POWER SCALE MODELS

Tamtron Power Container Stacker Scale is available with an advanced Power weighing instrument or with a PC version that is possible to integrate into on-board PC.

POWER 300i

- ▶ 12 main memories for containers and other weighing related data with total of 10 000 memory item storing capacity
- ▶ Internet data transfer

POWER PC

- ▶ Log memory for 10,000 receipts
- ▶ Integration to TOS, ERP and storage, transport and terminal management systems

Tamtron Power product family also includes type-approved Tamtron Power Straddle Carrier Scale.
